DETAILED ACTION

1. This action is in response to the communication filed on August 30, 2006. Claims 1-16 were originally received for consideration. Per the received preliminary amendment, claims 17-20 are added.
2. Claims 1-20 are currently being considered.

3. An initialed and dated copy of Applicant IDS (form 1449), received on 8/30/2006, is attached to this Office action.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claims 1-20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In the independent claims 1 and 11, a previous ECM is compared to a current ECM, and a result of this "comparing," an error register is incremented. However, it is unclear what result of the "comparing" will cause the error register to be incremented. This ambiguity surrounding the method in claim 1, and the

analyzing means in claim 11, renders the claim indefinite. Furthermore, elaboration is requested by the Examiner.
